***Response to Amendment***

The following is in response to the amendment filed on February 14, 2005.

***Allowable Subject Matter***

Claims 1-3, 6, 8-10, 12, 14, 16, 17, and 19-22 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 19-21 are allowed, because the prior art does not disclose or suggest a method for producing a papermaking roll comprising the step of cooling the surface of the roll during the manufacture thereof to approximate temperature conditions during papermaking. These reasons are similar to those for claims 16-17 given previously. Claims 19-21 set out alternative methods of performing the cooling step.

Reasons for allowance of all other claims were presented previously.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Response to Arguments***

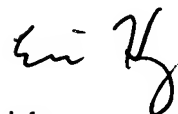

Applicant's arguments filed February 14, 2005 have been fully considered. The amendments to the claims have overcome the rejection of claims 19-21 under 35 U.S.C. 112, first paragraph, set forth previously. The claims no longer have improper combinations of different cooling methods.
